2008 Cascade Server User's Conference Updates

By Uran Piedra

Friday, August 29th, 2008 at 4:15pm

The 2008 Cascade Server User's Conference is less than a month away, and we're working hard to make sure it will be a huge success. In our effort to do so, we'd like to inform you of a few important updates regarding this year's conference. While we're excited about having 109 attendees registered for the conference, we understand that scheduling conflicts and other unforeseen circumstances may prevent some of our registrants from being able to attend. However, we wanted to let you know that after Monday, September 1st, 2008, we will not be able to refund cancellations for conference attendees. Earlier this summer, we sent an email to all User's Conference registrants, asking if they'd like to be included on a shared list of attendees. If you missed out on it the first time around, but you would like to be included and receive a copy of the list, email your contact information to Marketing Assistant Uran Piedra at uran.piedra@hannonhill.com. If you haven't signed up for the sessions you'd like to attend, or if you're just interested in checking out what we have to offer, be sure to visit the [User's Conference](#) page on our website. We look forward to seeing you in a few weeks!
